

## THEY FOUGHT OVER A WOMAN.

### Rivals for Her Hand Lock Door and Fight to the Death.

New York, Nov. 9.—Locked in the dining room of their boarding house in Perth Amboy, Stephen Goudes and Peter Shylak have fought a duel that ended only when Goudes fell to the floor dying.

The men had been on unfriendly terms for some time. It is said by friends that they were in love with the same woman.

Shylak entered the dining room at night time, and met his rival, Locking the door, he yelled to Goudes:

"I'm going to kill you, or you must kill me." Then seizing a carving knife, he rushed at Goudes.

Goudes was unarmed, and before he could defend himself, Shylak had cut him twice. Then he seized a fork and the men fought until Goudes sank to the floor, stabbed in the stomach and chest.

Stooping over him Shylak opened the door and sought to escape. On the stairs, he was confronted by a policeman, who made him a prisoner after another desperate struggle.

## A LADY WITH PROMINENT HIPS

Has a marked depression at the middle of the back and it is this depression of the back which is the cause of the many ill fitting skirts to be seen everywhere. The Scott perfect form fitting invisible bustle and hip form will device this defect and give a perfect figure without which it is impossible to obtain the perfection in fit of skirt. The new coat or jacket, so much in vogue at present, requires one as well as the skirt, for the bustle must be well rounded in order to produce the correct effect. Ninety nine out of every hundred have depressions of hips or depression at the back. In some it is more prominent than others, and for this reason

### POSTMASTER EDMUND VALE

Died at His Home in Columbus Grove After a Short Illness.

Columbus Grove, O., Nov. 9.—The body of Postmaster Edmund L. Vale, who died at his home here on Saturday afternoon at 1:20, after only a three day's illness from pneumonia, was a shock to the entire city, and the many northwestern Ohio friends of the deceased. Although feeling badly for the past several weeks and not having been in the best of health for the past year or more, as late as Wednesday night, he was at his post of duty in the postoffice. That evening, when near his home, he retired and fell and assistance was required to get him within the bounds of his own home. He never left his bed.

Deceased was born in Iowa in 1853 and served as printer, reporter and publisher all his life. Years ago, he worked as a printer on the old Commercial-Cassette, and also upon other of the big Cincinnati dailies. For ten years, he was owner and editor of the Putnam county Vindicator, the local republican organ, and only retired from that position last spring. On July 6, 1904, he was married to Miss Jean Pugh, of Ottawa, Ohio, and the wife, together with one daughter, Helen, survive.

Postmaster Vale was one of the best known republican leaders in Northwestern Ohio, and a prominent figure in the conventions. He has served as president, secretary and treasurer of the Northwestern Ohio Post-Physicians Prescribe It.

Many broad minded physicians prescribe Foley's Kidney and Bladder Pills. They have never found so safe and reliable a remedy for Urinary and Lung troubles as this great medicine. There is no other cough medicine so popular. Contains no opiates or narcotics and cures Croup, Whooping Cough, and Colds. Refuse substitutes. H. F. Vorkamp, corner Main and North streets.

#### THE WEATHER.

Washington, Nov. 8.—Forecast for  
Ohio, increasing cloudiness and warmer  
weather; Tuesday, cooler, with rain  
in south and more snow in north por-  
tion.

The Cannon boomed today in Wash-  
ington.

Just watch Hanna outgrow his sen-  
sational pastimes.

Keep your eye on what the legisla-  
ture will do to the code, and incidentally  
to the taxpayers of Ohio.

By the election of a democratic  
governor in Kentucky, Taylor's ab-  
sence from that state is again indef-  
initely prolonged.

If the present rate of gain in the  
number of prosecutions continues, it  
will not be long until there won't be  
enough battalions to go around.

When Sam Parks made up his mind  
to go to San Francisco to make one of  
his infallible sales by not fighting it  
out with the judge on the court room  
floor.

The passenger-departments of  
the various railroads traversing Ohio,  
are all busy writing free transportation  
for the members of the next legis-  
lature.

It kind of looks as if this govern-  
ment was introducing American rail-  
way method on the isthmus—that of  
confiscating property for transportation  
purposes.

Does Hanna want it? That is the  
question many republican editors are  
asking, and it isn't hard to answer.  
Of course he does—want the nomina-  
tion for president. Can anybody cite  
anything in the political line that he  
hasn't wanted for a decade past?

# LOTTERY TICKETS

Get a Printer Into Trouble With Hawk-  
shaws of Postal Department.

It Is Alleged That He Printed Them, and With  
Them Swindled Hundreds of Thousands  
of People—Gang Had Headquar-  
ters in Dayton, Ohio.

Lynn, Mass., Nov. 9.—United States  
postal authorities will take action on  
the bogus lottery tickets swindle dis-  
covered in Lynn, through the raid on  
the Wells Printing office yesterday.  
Wm. F. Wells, who did the printing  
today, pleaded not guilty to a charge  
of making and promoting a lottery.  
He was held in \$2,000 bonds for a  
further hearing. In reply to a plea  
for reduction of bail, Judge Berry  
said that the case was one of gigan-  
tic fraud, and that hundreds of thou-  
sands had been swindled.  
"Not only was Wells apparently en-  
gaged in printing lottery tickets, itself  
a violation of law, but the tickets were  
bogus and further the United States  
postal regulations have been violated,"

if what is understood of the case,  
proves true."  
Further examination of the books  
seized at the printing office show, it  
is said, that the tickets were sent  
to all parts of the United States. Most  
of the distributing was done from Day-  
ton, Ohio, which city apparently was  
the headquarters of the alleged swin-  
dlers.  
Wells insists that nothing was done  
by him other than to print the tickets  
and send them by express as ordered  
from Dayton.  
Since Wells' arrest, the police have  
received, they say, information indi-  
cating that another gang has been ac-  
tively at work in Lynn, printing bogus  
lottery tickets and selling them  
through New England.

**GOOD SALE**  
Made by Ft. Wayne Men of  
Oil Property.

Field in Allen and Paulding Coun-  
ties Begins to Look Quite  
Promising.

The Ft. Wayne Sentinel of Sat-  
urday contains the following concerning  
the Allen county, Ind., oil field which  
is opening up with some promises.  
The Baldwin Oil & Gas Co., com-  
posed very largely of Ft. Wayne gen-  
tlemen, has just disposed of its leases  
in Allen and Paulding counties for  
\$50,000. The purchasers are A. E.  
Stahl and M. J. Bowie, of Fosteria, O.,  
experienced oil men, who will continue  
the work of development in the Allen  
county field. The Baldwin company  
held leases on 2,000 acres and it had  
three wells completed, all of which are  
yielding oil in paying quantities.  
John L. Tillman, of Baldwin, was  
president of the company, James Good-  
fellow, treasurer, and William Good-  
fellow, secretary and manager. The  
stockholders include the gentlemen  
named and County Commissioner-elect  
Charles G. Griebel, Mayor Henry C.  
Berghoff, Julian Pope, Wm. Hunche,  
George Jaap, Timothy Feley, James  
Maloney, Jacob Bickel, Perry Sathl,  
David Auer, John Grosjean, William  
Schwiler, Louis Light, Frank Poirson,  
of Fort Wayne, and W. M. Funk, of  
Baldwin, and Wm. Belt, of Peru. It  
is understood that the profits of the  
company will not be far from \$25,000.  
Other Oil Notes.  
A well on the Galloway farm in  
Maumee township, near Woodburn,  
was shot Friday, with excellent re-  
sults, and it is believed the well will  
prove to be a paying one.  
A number of Ft. Wayne gentlemen  
are endeavoring to enlist capital in a  
proposition to drill for oil in the west-  
ern part of the county, near Arcola,  
where indications are regarded as  
promising.  
The Maumee Valley Oil Co.'s well  
No. 2, on the Ragenberg farm, two  
miles south and half a mile east of  
Woodburn, was shot at 1 o'clock Fri-  
day afternoon. There was a very  
strong pressure of gas, and the well  
is believed to be good for fifty barrels  
a day. The company will now be-  
gin pumping both its wells. Wood-  
burn gentlemen are the heaviest  
stockholders in the enterprise.

The bride was charmingly gowned  
in white silk mull over tulle and

carried bride's roses.  
To the soft strains of the Lohengrin

tered and took their places under a  
beautiful floral marriage bell and the  
solemn vows were taken, the ring  
ceremony being used.  
The Rev. Robt. Colmery, a cousin of  
Mrs. Clutter officiated.  
Following the congratulations dain-  
ty refreshments were served.

beautiful, consisting of cut glass, sil-  
ver, china, etc.  
Among the guests were Mr. and

**SECOND**  
Bunch of Bids Received  
Today  
On Establishing Depository  
for City Funds.  
Four Proposals Received by the  
City Auditor, the Highest of  
Which Was Submitted by  
First National Bank.

Today the city auditor again re-  
ceived bids from local banking institu-  
tions for the establishing of a depository  
for the funds of the city, the first  
set of bids received a few weeks ago,  
having all been rejected.  
There were four proposals submit-  
ted today and the highest was that pre-  
pared and handed in by Cashier C. D.  
Critch, of the First National Bank.  
It is estimated that the official depository  
will receive about \$150,000 about  
December 1st, and the successful bidder  
will be required to furnish a surety  
bond in the sum of twice that amount.  
The bids received were submitted by  
the Metropolitan Bank, the Ohio Na-  
tional Bank, the First National Bank,  
and the Lima Trust Co. The Metro-  
politan bank offered to pay 1 1/2 per  
cent interest on funds deposited. The  
Ohio National offered to pay 2 1/2 per  
cent provided the city paid for the  
surety bond. The Lima Trust Co. of-  
fered 3 per cent and the First National  
offered to pay 3 1/2 per cent interest.  
The city council will probably not take  
any action in the matter before next  
Monday.

**CIRCUIT**  
Court Judges Are in  
Session Today  
And Started Off With a Rail-  
road Damage Suit.

High School Building Contest Is  
Set for Argument Wednesday.  
Case Appealed From  
Probate.

Circuit court convened this morning  
with Judges Day, Norris and Mooney  
on the bench, and the sixteen cases  
which the docket called for, were  
either set for hearing or passed accord-  
ing to the advice of the respective at-  
torneys. There was time enough left  
before the noon recess to have two of  
the cases presented, the first one to  
occupy the court's attention being the  
damage suit of Edward Christen  
against the L. E. & W. railroad, in  
which the plaintiff sues for damages  
on account of injury to two horses  
which were caught on the Ottawa  
river bridge east of Market street.  
Wednesday, the questions arising in  
the new high school contention, as to  
location and sale of bonds will be ar-  
gued again.  
Case Appealed.  
The recent decision of Probate Judge  
Miller, in the case of Thos. F. McEl-  
roy, administrator of the estate of  
Wm. Lipfert vs. Charles Lipfert, et. al.,  
has been appealed from to the com-  
mon pleas court, and the case was  
docketed this morning.

**THE IDLER.**

Hosts of friends who have had the  
pleasure of meeting Mrs. E. L. Vale  
and Miss Helen Vale, of Columbus  
Grove, during their frequent visits in  
Lima, will deeply sympathize with  
them in the going away of the hus-  
band and father, Postmaster Vale,  
who, himself, had many Lima friends  
and acquaintances. Many prominent  
Masons and others from Lima, went  
down to Ottawa this afternoon to at-  
tend the funeral.

The anticipated disruption of the  
Ohio Brigade, Uniform Rank Knights  
of Pythias, because of its expressed  
desire to attend the St. Louis Exposi-  
tion instead of the encampment at  
Louisville, failed to materialize. The  
Ohio Brigade held a special assembly  
at Columbus, November 4th, at which  
Supreme Chancellor Tracy R. Bangs,  
of North Dakota was present. After  
a presentation of all the disputed  
points Past Supreme Chancellor Wal-  
ter B. Richey, of this city, made a  
stirring speech.

The records embracing the letter of  
Brigadier General Thos. H. Minchell,  
and the resolution of Colonel Kline, re-  
flecting upon the supreme lodge and  
supreme representatives, together  
with the proposition to encamp at St.  
Louis, in 1904, were expunged and the  
meeting became harmonious.

A motion was made requesting that  
the supreme chancellor grant permis-  
sion to the Ohio Brigade to encamp  
at St. Louis during the Louisiana Ex-  
position, which matter was taken un-  
der advisement by the supreme chan-  
cellor, who is also commander in chief  
of the uniform rank.

Mr. F. X. Galerneaux, who has had  
charge of the laying of steam mains  
through the streets, has been com-  
pelled to temporarily cease his work be-  
cause of a very sore hand.

J. D. S. Neely left this morning for  
the hunting ranch south of Lima, of  
which club he is a member and will  
be on hand tomorrow when the law  
lifts its hand from the protection of  
wild game. The members have about  
1,500 acres under lease, and such  
care and attention has been given to  
the raising of quail, pheasants, rab-  
bits and German hares, that a day's  
hunting expedition never fails to fur-  
nish abundant sport.

Probate Judge Miller, C. A. Graham,  
W. T. Copeland and E. B. Maynard, of  
the Modern Woodmen, attended the  
funeral services of Postmaster Vail,  
of Columbus Grove this afternoon, the  
details of whose sudden illness and  
death appear elsewhere. The re-  
mains were taken to Ottawa for inter-  
ment.

The Royal Arcanum meet tonight

transaction of regular business will

mon and Pythias' is no exception to  
the rule. It is one of the most talked  
of attractions of the present season.  
The presentation in its entirety is ab-  
solutely new. Special scenery has  
been painted for each of the five acts  
which is very beautiful and artistic;  
the costumes have been specially de-  
signed and the acting company is one  
of unusual strength. The cast in-  
cludes Edwin S. McKim, Frank Hen-  
ning, Harry D. Clifton, Mark Harri-  
son, Harry Veazey, Marguerite Calla,  
and Virginia Wardour. The play will  
be presented at Faurot opera house,  
tomorrow night.

Perhaps there has never been so lav-  
ish and adequate a production of  
"Uncle Tom's Cabin" as that which  
Mr. Martin will offer amusement lov-  
ers at Faurot opera house, on Wednes-  
day matinee and night. The scenes  
which are large enough to fill the most  
spacious stage, could not easily be im-  
proved. Those representing the Ohio  
river in winter, the rocky pass in  
which George Harris protects his  
family, the St. Claire plantation, the  
levee at New Orleans, the cotton fields  
in full bloom, and the "Celestial City"  
are all most notable efforts. Each pic-  
ture the reality as closely as paint  
and canvas will permit, and the stage  
prospective is so deep that the effect  
is exceptionally pleasing. The com-  
pany is also worthy of the environ-  
ment. Frank Dee, the eminent mis-  
trel star, offers an excellent study of  
Uncle Tom.

**HARVARD PIANOS!**

The purchase of a piano is something that ought to have serious con-  
sideration. To most people the price of a piano seems large. A piano  
costs more than any other single piece of furniture that goes into any ordi-  
nary house. It costs several times as much as anything else, therefore, the  
utmost care should be given to its selection. The HARVARD is an honest  
PIANO at an honest price. More Harvard Pianos have been sold in North-  
western Ohio than the combined sales of all other pianos. Those who want  
a thoroughly good, sweet toned, durable piano in a beautiful artistic case at  
a moderate price will do well to consider and examine THE HARVARD  
PIANO. Sold only by the old reliable 25 years in Lima.

## MARTIAL LAW IS IN FORCE.

## Troops Quartered in All Villages of Hassan-Kala District, Asia Minor.

Constantinople, Nov. 9.—Martial law has been proclaimed in the district of Hassan Kala, province of Erzerum, Asia Minor, and troops have been quartered in all the villages of that district, in consequence of revolutionary movements of the present Hentschakists or members of the Armenian revolutionary society. Two bands of Hentschakists recently crossed the Russo-Turkish frontier with the intention of inciting the inhabitants to rise against the Turkish government, but they were quickly overtaken by troops. One band was exterminated, and the second was driven back into Russian territory. The Turkish governor of the district has re-distributed among the Kurds the weapons which they recently were compelled to give up.

## Lima Bowling Teams Go to Sidney for a Return Game Tonight.

The return game between Lima and Sidney, will be played on the latter town tonight, and the strength of the bowling league has been chosen to hold on to the decisive victory won at the time Sidney visited here. It is equally certain that Sidney will have a strong aggregation ready to turn the tables if possible. Two Lima teams will be matched against Sidney and the following will participate: Milton Reed, Lee Beeler, Henry Hancenstein, Nels Hackney, Martin Munnell, Bert Neff, J. F. Alberts, C. E. Hilton, Frank Burkhardt, Tom Lawlor, Ed Miller, Guy Custer and C. A. Negelebach.

## An Echo of the Past.

Since Bobby Reakes left Lima, he has only been heard of semi-occasionally, and very little local interest is taken in his success or failure as a wrestler. Every bout in which he takes part has a shadow hovering over it and memory goes back to the time he failed to put Ackerman of Kenton to his shoulders three times within an hour a feat which Reakes, in an honest effort, could have done with ease. That his willingness to "fake it" for coin is not speculative, his go last week with his old "enemy" Parker, at Adrian, Michigan, is an instance and

## Seniors Defeated.

The intermediate class of the Y. M. C. A. demonstrated Saturday evening, that it contains fast material in its basketball team, defeating the seniors by a score of 36 to 21. It is announced that there will be a basketball game at the gymnasium every Saturday evening to which all over 16 years of age are invited free of charge.

## New Bowling Alleys.

Work has begun on the new bowling alleys to be opened by Bert Neff and Lee Beeler back of the city building and in the rear of Wessenthal's clothing store. Being centrally located and easy of access, the new alleys are sure to jump into popular favor and give opportunities to many who enjoy the game but are at present deprived of the pleasure on account of scarcity of alleys.

## COLOMBIA HANDS IN ITS FORMAL PROTEST.

Washington, Nov. 9.—Secretary Hay, during a call at the White House early this morning, placed in the hands of the president the Colombian protest against the course pursued by the Washington government of the isthmus and its attitude toward the new government of Panama. The protest is short and to the point. It follows the usual lines of formal communications of this kind. In view of the authorized announcement by the Colombian charge, that he has not been in communication with his government since Nov. 2, it is assumed that he protested on his own responsibility.

# FEDERATION WILL DISCUSS

## Political Affiliation. Child Labor, Eight Hour Work Day and Miller Case.

Boston, Nov. 9.—With an assembly of delegates numbering nearly 500, the American Federation of Labor, today opened in Faneuil hall its 33rd annual convention. Although the subjects to be taken up at the convention had not been announced, labor leaders say that the meetings are expected to prove among the most important for the consideration of the problems growing out of the relation of capital and labor ever held in the United States.

Nearly all the delegates, including President Samuel Gompers and Jno. Mitchell, the president of the United Mine Workers, have arrived. Today's program includes the usual formal welcoming of delegates, the appointment of committees and the presentation of the reports of some of the principal officers. Discussion in which the delegates have indulged since reaching the city, indicate among the important questions to be considered will be whether the federation's affiliated members shall ally themselves with either political party. Child labor, the eight hour work day, and the "Miller case" at Washington, also are expected to come up.

# MANY INVENTIONS PATENTED BY WOMEN.

## The Second Letter Issued Was for a Corset of Course. The Articles Patented Are Largely for Feminine Use.

Ingenuity of the feminine mind no one has ever dared dispute, says the Washington Post. There are those who would claim that this brings no practical results, but the list of inventions credited to women in the government patent office is evidence to the contrary, for Uncle Sam claims to give patents on useful devices only to women.

"You will find," said the clerk who brought the list of women inventors, "that women have confined their efforts largely to little things, things that are of use to women."

Things that appeal to women's work and interest, just as a man's inventions concern his.

"Yes, that is what I was about to say," said the vanishing clerk.

The United States patent office was opened in 1790, but women are not named in its list of patents until 1809. The first invention—can you guess what it was? No, it wasn't a corset, but the second invention in 1815 was, and from that day to this about every sixth device patented by women is a corset. That's food for reflection for dress reformers. No drawings remain today of these early stays. You must guess what they were like, if in the day of straight fronts and flexible boning you are curious concerning the cumbersome frames in which our ancestors encased their fair forms. The very first invention was a device for weaving straw or thread. It is typical of the inventions that follow, for they contain with few exceptions no two dimensions—those things that concern a woman's health, dress, and personal adornment, and those things that concern her household and her family.

Some of the strictly feminine inventions are a stocking-knitter, evidently the patroness was the mother of boys, improved shoe facing, hair curling apparatus, safety belts, bicycle baskets, skirt protectors, bosom pads, hair crimpers, safety pockets, and a toe-protector for children's shoes. One Harnet M. Fisher, of New York, in whom the eternal feminine seems to have been strong, invented an improved rounce pad in 1867, and one May E. Harrington, of Oakland, Cal., of whom the records do not say whether she was married or not, but who must have been—was given a patent on a sustenance guard in 1889. A few not many, toys have been invented, among them a manikin made of an egg-shell and a strand of twisted wire, the joint origination of Miss Stella Sweet, of Kansas City, and W. F. Sweet, of St. Louis.

For Household Use.

Household devices include washing machines galore and all sorts of attachments to sewing machines, such as that for quilting, tucking, and pleating apparatus, and threading devices. There are dish washers, wash boilers, egg beaters, a steaming apparatus for shaping pantaloons, a pea shelling machine, folding crib, folding wardrobe and chiffonier, baby walker, detachable coffee pot handle, and a device for holding paper over cake in the oven. The medical devices patented by women are syringes, hot water bottles, atomizers, douche pans, shoulder braces, and remedies for diphtheria, coughs, worms and other maladies that women and children are heir to.

Notwithstanding the superciliousness of the clerk who brought the list, women have taken out some inventions that do not pertain strictly to their lives as women. A portable balcony was patented in 1872, a wheat chaffing machine in 1870, and a car coupling device in 1882. A woman each time was the patentee of a device for numbering houses, punching machines and typewriters of various sorts, a sliding window, a break for vehicles, a cigarette machine, and a velocipede. Oh, yes, and a canteen. Tell that to Carrie Nation.

women since criss—taffetyrinesyng

An alphabetical list of inventions of women since 1808 runs as follows: Agricultural implements, art appliances, baby carriers, barrel attachments, bicycle attachments, building apparatuses, bottling apparatus, boxes and baskets, clocks and repairing, culinary utensils, educational appliances, flowers and plants, furniture and furnishings, heating apparatus, horsehoes, medical appliances, motors, musical apparatus, plumbing, preserving and disinfecting, printing, and binding, railway appliances, screens and awnings, sewing and spinning, stationery, theatrical apparatus, toilet articles, toys and games, trunks, and bags, typewriter appliances, washing and cleaning, and wearing apparel. The three items that have long subdivisions are the culinary utensils, washing and cleaning, and wearing apparel.

### LOST CONTROL OF MACHINE.

#### Ten Persons Injured in Automobile Accident. None of Them Fatally.

New York, Nov. 9.—Five persons have been severely injured in an automobile accident on Mount Arlington Hill, near Hopatcong, N. J. They were: Mr. and Mrs. James W. Rankin, Mr. and Mrs. Wm. Blanchard and Chas. W. Hoffman, of Brooklyn.

While rounding one of the sharp curves, Rankin, who was driving the machine, lost control. The automobile ran into a horse and carriage going down the hill. The carriage was wrecked, and Mr. and Mrs. Rankin, on the front seat of the machine, were caught in the debris. Their injuries will not prove fatal, however. The others in the party leaped from the machine, when they saw that a collision was inevitable, and were badly bruised.

### A GREAT TRUTH

#### How It Has Spread From Home to Home in Lima.

In every part of Lima, in the homes of the wealthy, in the humble abode of the man of toil, is now a well-known fact—a great truth—that Doan's Kidney Pills have brought more comfort to backache sufferers and cured more sick kidneys than any medicine of modern times.

Mr. Joe. Wise, of 735 west North street, machinist at the C. H. & D. R. R. shops, says: "There was a heavy dull aching through my loins, and I felt sore and lame all over. My general health was run down, and I lost weight until I got down to 135 pounds. I saw Doan's Kidney Pills advertised and so highly recommended that I procured a box at Melville's drug store and began the treatment. I rapidly grew better, the aches and pains left me, the action of the kidneys became normal and healthy, and I was soon enjoying nights of good sound refreshing sleep. I felt like a man, and went about my work feeling as strong and well as ever in my life. I regained my normal weight of 170 pounds in a short time. No words can too strongly express my appreciation of Doan's Kidney Pills."

For sale by all dealers. Price 50c a box. Foster-McLaurin Co., Buffalo, N. Y., sole agents for the U. S.

## Must Run on Hourly Schedule Over the Line Between New Bremen and St. Marys.

### Ultimatum Forwarded to the Western Ohio by New Bremen.

General Manager Carpenter Declares the Line Will Be Abandoned Before the Company Will Comply.

The Western Ohio railway officials are having their share of trouble on that portion of the road running from Wapakoneta to Bremen and Minster. From a business standpoint, the one from which they doubtless view it, they cannot be blamed for the action they have taken, but that does not seem to satisfy the thrifty German settlement. The St. Marys News, in commenting on the situation, says:

"Since the Western Ohio again began the hour and a half service to New Bremen and Minster, last Sunday, the people of the former place are up in arms, and at a meeting of the city council the other night an ultimatum was practically sent to the company demanding that they comply with the terms of the franchise providing for hourly service or quit running cars into the town at all. The Sun says the citizens are in sympathy with this sentiment and would rather have no service at all than the kind they are now getting."

"In reply to these demands, General Manager Carpenter has written to the city clerk stating that the company has been disappointed in the patronage given the company from these two towns, that the line from St. Marys to Minster has been run at a loss, and if the people of New Bremen insist on an hourly service, the probabilities are that this line will be entirely abandoned. Whether the company would go to this extreme is perhaps problematical, and that the line is not a paying venture, is disputed by the New Bremen people, who say that the company's figures are based only on the sale of tickets at the two offices without regard to the through or incoming travel. The company of course ought to know more about their business than anybody else, but it does appear to the casual observer at this point that there is as much or more travel over the south line than there is to Celina. But the great mistake the Western Ohio undoubtedly made was in abandoning their original intention of building from Minster to Sidney or Piqua, and building from Wapakoneta south. The line from Minster would have touched a section that is wholly without railway cities, where the other comes in competition with the C. H. & D., the steam passenger road in western Ohio, and it is said that the travel between Sidney and Wapakoneta over the Western Ohio at this time is the lightest on any section of the entire system. But the road is now built, and no matter what else may be said, it must be admitted that their service has been good. True, the officers of the company have treated some of the towns very unfairly, and although the citizens of St. Marys did more to help them in the beginning than any other town along the routes, the best St. Marys has gotten from them in return is the worst of it, and today they are doing everything they can to cripple our town, while at the same time, imposing upon us in some things. But this does not alter the fact that we need the road as well as the road needs us, and the same is true of New Bremen and Minster to a greater extent. Consequently our neighbors had better think twice before resorting to extremes, for there is much in the old saying that it doesn't pay to cut off the nose in order to spite the face."

For the Public's  
Reflection

In Addresses

Delivered From Lima  
Pulpits Yesterday.

Growth and Encouragement  
of the Y. M. C. A.  
Formed the Topics

And Speakers From Other Cities  
Helped to Awaken Interest in  
the Efforts Being Made  
Here at Home.

Much good is sure to follow after the day which was so generously devoted to the work and astonishing growth of the Young Men's Christian Association throughout the world, and more especially in the state of Ohio. A half dozen of the church rostrums in Lima were occupied yesterday by prominent leaders and supporters of the institution, and the public in this manner was enlightened to an extent which could not have been accomplished in a better or more certain way.

No one, who believes in good, hesitates to say that the Y. M. C. A. is a blessing to every community, but the thought doesn't take hold and stick as it should. Statistics have been furnished, from time to time, showing the growth of the Lima institution, and the necessity of broadening out, but before improvements can be made, there is a debt to be lifted, and toward this end all energies are now being expended.

The promise of more than half the \$12,000 needed to wipe out mortgages and notes, has been given, providing the entire amount is raised, and the stirring addresses of yesterday, and the week of prayer which follows, is bound to have an influence in that direction.

General Secretary Shurtliff, of Cleve-

land, in his remarks at the Market street Presbyterian church, yesterday morning, gave his audience something to think about along the line of the Y. M. C. A.'s growth and influence. When the city of Cleveland spent \$250,000 for a Y. M. C. A. building, it was believed at that time that a generation might come and go before the great roomy structure would be found inadequate for the many purposes intended, but it was scarcely a year old before those who held such an opinion were found at fault. Today, a half dozen branches have been established in the city, in as many different localities, and large buildings have been rented for places of amusement and dormitories for young men, who come to the city as strangers, and desire to surround themselves by wholesome influences. The dormitories are self sustaining, although the rooms are rented at moderate rates.

In the other churches, and at the men's meeting at the Y. M. C. A., yesterday afternoon, which was addressed by T. J. Kirkpatrick, of the Akron Beacon, the encouraging features, which are daily coming to light formed the subject matter, and gave new impetus to the work being done by the faithful secretary of Lima's institution and his corps of able assistants.

Beginning tonight and continuing through the week, there will be an address each evening at the Y. M. C. A., in observance of the week of prayer, to which everybody is invited. Rev. W. A. Brundage will conduct the services this evening at 7 o'clock.

## HALF

A Century of Wed-

Gave Occasion

For a Joyful Celebra-  
tion, Today.

The Affair Was Held at the  
Home of Mr. and Mrs.  
Wallace Landis,

The Latter's Parents, the Vener-  
able Mr. and Mrs. John Martin,  
Being the Couple Hon-  
ored by the Event.

Today, at 1 o'clock, a company of kinsfolks and old time friends were gathered at the home of Mr. and Mrs. Wallace Landis, of south Collett street, to celebrate the fiftieth anniversary of the marriage of Mr. and Mrs. John Martin, which occurred at Findlay, November 9th, 1853. The bride was Lucy Parker, daughter of Abel F. Parker, an attorney of Tiffin, O.

The day was one of golden sunshine, just right for an autumn wedding, and the rooms were all decked in golden chrysanthemums. The tables were beautiful with their wealth of yellow flowers, and at each cover a chrysanthemum and a dainty place card with this flower was placed. Mrs. Walter Scott played appropriate wedding music during the afternoon.

The guest list included Mr. and Mrs. F. F. Parker, of Conneaut, O., Misses Dora and Julia Parker and Mr. and Mrs. Thomas Clifford, of Findlay, Mr. Samuel Martin of Demondale, Mich., Mr. and Mrs. Henry Martin, of Bucyrus, Mrs. Mary Mead of Tiffin, Mr. and Mrs. William Bentley, Mr. and Mrs. A. Hauenstein, Mr. and Mrs. John Dray and Mrs. A. Kibler, of Bluffton; Mr. and Mrs. Charles Martin and Mr. H. S. Martin, of Ottawa; Mr. and Mrs. James Patterson, Mr. and Mrs. Bert Clark and Hon. S. S. Yoder, of Washington D. C., Mr. and Mrs. Samuel Collins, Mr. and Mrs. Timothy Shroyer, Mr. and Mrs. D. A. Worline, Mr. and Mrs. T. W. Dolhins, Mrs. James Harley, Mr. and Mrs. J. H. Broo, Mr. and Mrs. P. J. West, Mr. and Mrs. J. W. Crum, Mr. and Mrs. Jacob Mosier, Mr. and Mrs. F. S. Gilbert, Mr. and Mrs. A. Wilson, Dr. and Mrs. A. Miesse, Mrs. Gibbs, Mr. and Mrs. James O'Donnell, Rev. and Mrs. A. Berry and Mr. George Zuehlman.

Time has rested lightly upon this couple, and they stood the surprise of having this crowd of old friends greet them in an admirable manner, and accepted the congratulations with happy remarks to each person. Another surprise was the presentation of a gold headed cane to Mr. Martin, and a gold ring to Mrs. Martin from their children, and other gifts from relatives and friends in attendance at the happy affair.

Into each life some ruins must fall. Wise people don't sit down and bawl. Only fools suicide or take to flight. Smart people take Rocky Mountain Tea at night.

For sale by H. F. Vorkamp, corner Main and North streets.
